A BATTERSEA CHALLENGE

OBSTACLE LIST

We have so many fun obstacles for you to tackle during the Muddy Dog Challenge. Here is a run-down of what to expect on the day.

MUDDY MAYHEM

Dive into a muddy mess and wade through the murky monstrosity.

THE PHOTO POOL

Jump in and strike a pose. Our official photographer will be on hand to capture the action, and you can buy photos online after the event.

TAIL WAGGING TUNNELS

Clamber and crawl through this dark and dirty tunnel. You'll have muddy hands and knees after this one.

DOG DODGE

Duck and dodge your way through a large pool of giant balls.

DOG BATHS

Swiftly splash through the deep and shallow bespattered baths.

LOG JUMPS

Stretch those legs and scramble over the fallen trees.

DOG TYRED

Hurriedly hop over and crawl through tyres laid on the ground.

BANK LEAPS

Hastily hop side to side on banks while precariously teetering over troughs of water.

DIZZY DANGLES

Skilfully duck, dive and weave your way through the overhead obstacles if you want to avoid being soaked from head to toe.

MUTT MAZE

This marvellous dog maze will test your slipping and sliding skills as you scramble through the muddy tunnel.

STICKY PAWS

Hop, skip and jump your way through tyres filled with, you guessed it, loads of mud!

WATER CRAWL

There's no avoiding a soaking as you navigate your way through the dripping waterfall.

BALL PIT TUNNEL

Tear through a trough packed full of hundreds of bright balls - doggy heaven!

MUCKY DIP

It'll be a team effort to uncover the hoops hidden amongst all the mud.

CANINE CRAWL

Craftily crawl under the giant cargo net (raised high enough for dogs, large and small, to skilfully speed through).

BALL PIT SPLASH

This colourful obstacle involves splashing your way through a trough full of water and balls.

INTO THE WOODS

Zig zag your way over and under the logs and beams in the wild woods.

TYRE WALL

Take on a tight squeeze through the wall of tyres and pop out the other side.

SERESTO SPLASH

Put your gymnastics skills to the test by splashing through the water and leaping through two giant inflatable collars.

AGILITY ZONE

It's your dog's time to shine as they tackle the slalom poles and scale the heights of the A-frame.

Please note: Not all of these obstacles are at each event and some of the obstacles may be owner-only.
